Board Working Session This Month

The Board will not have a regular Board meeting this month. Instead, the Board will have a working session to set our goals for 2009/10, work on the Association to-do-list and ways to keep our meetings short but productive. We will be accepting homeowner input before we start the meeting.

The Landscaping Corner: Decomposed Granite

Here is an idea to spark up your yard for spring. Many of us in Riverhaven have Decomposed Granite (DG) in our yards. This product services us well in the desert because it doesn't need mowing or watering. However, it does tend to compact and then it looks like dirt. There is an easy answer to this problem - vigorously rake and then even out the DG. Your yard will look like new and you haven't spent a dime. Have a great spring!

While they were wondering about this, suddenly two men in clothes that gleamed like lightning stood beside them. In their fright the women bowed down ... but the men said to them, "Why do you look for the living among the dead? He is not here; He has risen!"</i> (Lk 24:1-6)
